

# Join in **INTERNATIONAL SOLIDARITY** with **SOUTH AFRICAN AIDS ACTIVISTS** to:

- Stand up for the lives of 5 million South Africans living with HIV/AIDS
- Call for universal access to HIV/AIDS treatment
- Support South Africa's Treatment Action Campaign

## **DEMONSTRATE**

**Thursday April 24 at 1pm**

In front of the  
South African Embassy, Washington DC  
3051 Massachusetts Avenue NW, Washington, D.C.

**TREAT THE PEOPLE  
AIDS TREATMENT NOW**

We do not need any more reports to tell us what we already know - HIV/AIDS is killing 600 people a day in this country and ruining lives and hopes. But with will and commitment this does not have to happen. With leadership from business and government, together with labour and communities, it is still possible to save lives and restore hope. -- Zackie Achmat, TAC, South Africa

Join us as we deliver 600 pairs of shoes to the South African embassy-- 1 pair for each person who dies in South Africa each day because of lack of access to HIV/AIDS treatment.
